

KARRYL (pronounced Carol)

Hi everybody, I am Karryl Salit - but I go by Karryl for my professional name. I am primarily a sculptor (work in clay, cast in bronze) but also love drawing and other media. My work is known for a stylized, loose and elongated capture of movement and behavior.

I live in Loveland, CO at the foothills of the Rocky Mountains where I spend much time with the wildlife. I am a signature member of the Society of Animal Artists and Artists for Conservation. I love hiking, being in nature and hanging out with my Corgi, Dreamer.
