

WAKUNA MATATA

It's not just a saying in a Disney movie - it is the way of life in Africa !

"NO WORRIES"

EVERYTHING WORKS ON "AFRICA TIME"

We Americans are always in a hurry - always checking our watches, always wanting things to be exactly what is printed on a schedule or was told to you.

Things just do not work that way there. You need to take a deep breath of that wonderful air and say AHHHHH! Let the stress of the rat race, deadlines, and everything else lift from your shoulders and be prepared for an incredible experience with other like minded artists!

James and I will do our best to keep things flowing smoothly - and if you have any problems or issues please bring them to us and let us sort them out - that's why we are here!!!

HOWEVER - THAT DOESN'T MEAN YOU CAN BE LATE FOR GAME DRIVES!! That's one thing that will bring the wrath of EVERYONE down upon you!
